FEATURES

Transparency

Index governance is overseen by the independent FTSE ESG Russell Advisory Committee, made up of leading global responsible investment market practitioners and experts on global Environmental, Social and Governance (ESG) principles and criteria used to determine comparative corporate ESG performance.

Criteria

Companies need to meet a variety of ESG criteria to meet the inclusion requirements – please see www.ftserussell.com for details.

Objective

The index is designed for use in the creation of index tracking funds, derivatives and as a performance benchmark.

Investability

Stocks in the underlying index are selected and weighted to ensure that the index is investable.

Liquidity

Stocks in the underlying index are screened to ensure that the index is tradable.

Availability

The index is calculated based on price and total return methodologies, available end-of-day.

Industry Classification Benchmark (ICB)

Index constituents are categorised in accordance with the Industry Classification Benchmark (ICB), the global standard for industry sector analysis.
