

FTSE Custom UK Index Linked Gilts Composite Index

Data as at: 30 June 2025

The FTSE Actuaries UK Gilts indices are among the industry's most widely-used performance benchmarks for the UK Government bond market. They are used for benchmarking pension benefits and obligations and mutual funds.

The custom index is a combination of two indexes: the FTSE Actuaries UK Index Linked Gilts less than 5 years index and the FTSE Actuaries UK Index Linked Gilts 5-15 years index. The FTSE Actuaries UK Index-Linked Gilts up to 5 Years Index consists of UK index linked gilts with remaining maturities of up to five years. The FTSE Actuaries UK Index-Linked Gilts 5-15 Years Index consists of UK index linked gilts with remaining maturities of between five and fifteen years. The index is rebalanced prior to the start of each month so that it has an equal weighting in each of the component indexes.

The full name of this index is the FTSE Custom UK Index Linked Gilts Composite (50% FTSE Actuaries UK Index-Linked Gilts up to 5 Years Index and 50% FTSE Actuaries UK Index-Linked Gilts 5-15 Years Index) Index.

5-Year Performance - Total Return

Performance and Volatility - Total Return

Index (GBP)	Return %						Return pa %*		Volatility %**

No responsibility or liability can be accepted by any member of the LSE Group nor their respective directors, officers, employees, partners or licensors for (a) any loss or damage in whole or in part caused by, resulting from, or relating to any error (negligent or otherwise) or other circumstance involved in procuring, collecting, compiling, interpreting, analysing, editing, transcribing, transmitting, communicating or delivering any such information or data or from use of this document or links to this document or (b) any direct, indirect, special, consequential or incidental damages whatsoever, even if any member of the LSE Group is advised in advance of the possibility of such damages, resulting from the use of, or inability to use, such information.

No member of the LSE Group nor their respective directors, officers, employees, partners or licensors provide investment advice and nothing in this document should be taken as constituting financial or investment advice. No member of the LSE Group nor their respective directors, officers, employees, partners or licensors make any representation regarding the advisability of investing in any asset or whether such investment creates any legal or compliance risks for the investor. A decision to invest in any such asset should not be made in reliance on any information herein. Indexes cannot be invested in directly. Inclusion of an asset in an index is not a recommendation to buy, sell or hold that asset nor confirmation that any particular investor may lawfully buy, sell or hold the asset or an index containing the asset. The general information contained in this publication should not be acted upon without obtaining specific legal, tax, and investment advice from a licensed professional.

Past performance is no guarantee of future results. Charts and graphs are provided for illustrative purposes only. Index returns shown may not represent the results of the actual trading of investable assets. Certain returns shown may reflect back-tested performance. All performance presented prior to the index inception date is back-tested performance. Back-tested performance is not actual performance, but is hypothetical. The back-test calculations are based on the same methodology that was in effect when the index was officially launched. However, back-tested data may reflect the application of the index methodology with the benefit of hindsight, and the historic calculations of an index may change from month to month based on revisions to the underlying economic data used in the calculation of the index.

This document may contain forward-looking assessments. These are based upon a number of assumptions concerning future conditions that ultimately may prove to be inaccurate. Such forward-looking assessments are subject to risks and uncertainties and may be affected by various factors that may cause actual results to differ materially. No member of the LSE Group nor their licensors assume any duty to and do not undertake to update forward-looking assessments.

No part of this information may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise, without prior written permission of the applicable member of the LSE Group. Use and distribution of the LSE Group data requires a licence from FTSE, Russell, FTSE Canada, FTSE FI, FTSE FI Europe, YB, BR and/or their respective licensors.

INFORMATION

Index Universe

Index Series includes all British Government Securities quoted on the London Stock Exchange.

Index Calculation

The indexes are calculated on an end-of-day basis. In addition to end-of-day values, a midday index calculation service is also available. This service provides an early valuation point for inclusion in net asset value calculations, or to price funds or trusts for investors.
