

Russell 1000[®] Dividend Growth Index

Data as at: 29 April 2022

The FTSE Dividend Growth Indexes are designed to represent the performance of companies that have successfully increased their dividend payments over a period of ten years. Companies are screened for liquidity and dividend status, then selected and equal weighted subject to a maximum sector weight of 30%. To maintain appropriate weightings, index constituents are rebalanced to equal weight on a quarterly basis.
