

FTSE Bursa Malaysia Hijrah Shariah Index

Data as at: 31 May 2024

The FTSE Bursa Malaysia Hijrah Shariah Index has been designed to be used as a basis of Shariah-compliant investment products that meet the screening requirements of international Islamic investors. Companies in the index are screened by the Malaysian Securities Commission's Shariah Advisory Council (SAC) and the leading global Shariah consultancy, Yasaar Ltd, against a clear set of guiding principles.

FTSE Bursa Malaysia Hijrah Shariah Index Screening Methodology

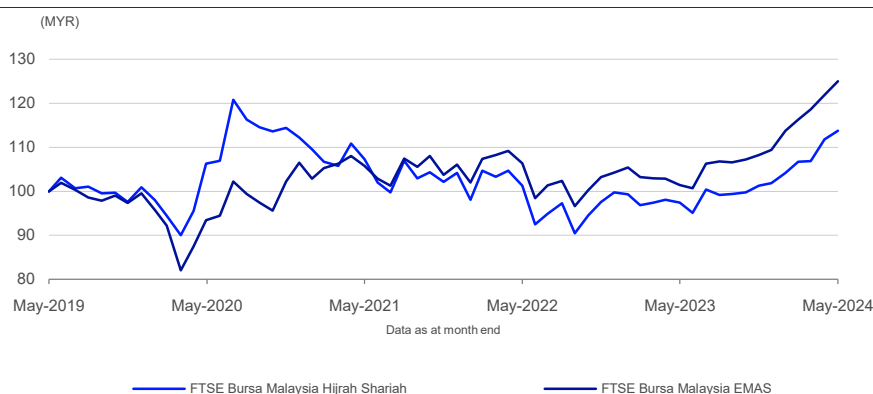

Constituents in the index are not permitted to be involved in any of the following core activities: banking or any other interest-related activity, such as lender and brokerages, but excluding Islamic financial institutions; alcohol; tobacco; gaming; arms manufacturing; life insurance; and, pork and non-halal production, packaging and processing or any other activity related to pork and non-halal food.

Companies that meet the following criteria, which are assessed under Shariah principles and commonly accepted philosophies, are also excluded from the index:

- Ratios of debt and debt service in combination that are unacceptable and indicative of an inappropriate use of leverage relative to their assets.
- Income from cash or near cash equivalents or inappropriate levels of receivables to assets.
- Liquid assets to illiquid assets that exceed the percentages permitted.
- Cash and cash equivalents to total assets that exceed the percentage permitted.

The above lists are not exhaustive and are a guideline to the broad principles involved only. Further details on the SAC can be obtained from www.sc.com.my and on Yasaar from www.yasaar.org.
