FEAT URES

Objective
The index is designed for use in the creation of investment products and as a benchmark.

Investability
Stocks are selected and weighted to ensure that the index is investable.

liquidity
Stocks are screened to ensure that the index is tradable.

Transparency
Index methodologies are freely available on the FTSE Russell website.

Availability
The index is calculated based on price and total return methodologies, both real time and end-of-day.

Industry Classification Benchmark (ICB)
Index constituents are categorized in accordance with the Industry Classification Benchmark (ICB), the global standard for industry sector analysis.
