

# FTSE North America Equity High Income Index

Data as at: 29 May 2026

The FTSE North America Equity High Income Index represents the performance of large and mid-cap North American companies, which are characterized by higher-than-average dividend yields.

The FTSE North America Equity High Income Index is part of the FTSE Global Equity High Income Index Series, which is constructed based on the FTSE All-World Index. Stocks with zero or no historical or forecast dividends are screened out, and the bottom fifth percentile of companies with negative one-year returns are also excluded. The remaining stocks are ranked based on their forecast tax adjusted dividend yield and included in the index until the cumulative market capitalization reaches 50%. Please see the index Ground Rules for more information.
