

FTSE Blossom Europe Sector Relative Index

Data as at: 31 March 2025

The FTSE Blossom Europe Sector Relative Index is designed as a sector neutral benchmark that reflects the performance of the companies demonstrating specific environmental, social and governance practices (ESG) in Europe. In addition, the index is designed to support the transition to a low carbon economy by evaluating companies' climate governance activities aligned with the Taskforce on Climate-related Financial Disclosures' recommendations and carbon emissions intensity to determine stock eligibility for index inclusion. The index combines data and analysis from FTSE Russell and the Transition Pathway Initiative (TPI). For further information about the TPI, please visit <https://transitionpathwayinitiative.org/>

5-Year Performance - Total Return

Performance and Volatility - Total Return

Index (EUR)	Return %						Return pa %*		Volatility %**		
	3M	6M	YTD	12M	3YR	5YR	3YR	5YR	1YR	3YR	5YR

Return/Risk Ratio – based on compound annual returns and volatility in Performance and Volatility table

Drawdown - based on daily data

FEATURES

Transparency

Index governance is overseen by the FTSE Russell ESG Advisory Committee. The membership of the Committee includes independent investment professionals experienced in environmental, social and governance factors.

Criteria

Companies need to meet a variety of ESG criteria to meet the inclusion requirements - please see the Index Rules at www.ftserussell.com for details.

Objective

The index is designed for use in the creation of index tracking funds, exchange traded products and as a performance benchmark.

Investability

Stocks in the underlying index are selected and weighted to ensure that the index is investable.

Liquidity

Stocks in the underlying index are screened to ensure that the index is tradable.

Sector Neutrality

Capping is applied in conjunction with sector neutrality to maintain investability.

Availability

The index is calculated based on price and total return methodologies, available end-of-day.

Industry Classification Benchmark (ICB)

Index constituents are categorised in accordance with the Industry Classification Benchmark (ICB), the global standard for industry sector analysis.

Because of the possibility of human and mechanical inaccuracy as well as other factors, however, such information and data is provided "as is" without warranty of any kind. No member of LSEG nor their respective directors, officers, employees, partners or licensors make any claim, prediction, warranty or representation whatsoever, expressly or impliedly, either as to the accuracy, timeliness, completeness, merchantability of any information or LSEG Products, or of results to be obtained from the use of LSEG products, including but not limited to indices, rates, data and analytics, or the fitness or suitability of the LSEG products for any particular purpose to which they might be put. The user of the information assumes the entire risk of any use it may make or permit to be made of the information.

No responsibility or liability can be accepted by any member of LSEG nor their respective directors, officers, employees, partners or licensors for (a) any loss or damage in whole or in part caused by, resulting from, or relating to any inaccuracy (negligent or otherwise) or other circumstance involved in procuring, collecting, compiling, interpreting, analysing, editing, transcribing, transmitting, communicating or delivering any such information or data or from use of this document or links to this document or (b) any direct, indirect, special, consequential or incidental damages whatsoever, even if any member of LSEG is advised in advance of the possibility of such damages, resulting from the use of, or inability to use, such information.

No member of LSEG nor their respective directors, officers, employees, partners or licensors provide investment advice and nothing in this document should be taken as constituting financial or investment advice. No member of LSEG nor their respective directors, officers, employees, partners or licensors make any representation regarding the advisability of investing in any asset or whether such investment creates any legal or compliance risks for the investor. A decision to invest in any such asset should not be made in reliance on any information herein. Indices and rates cannot be invested in directly. Inclusion of an asset in an index or rate is not a recommendation to buy, sell or hold that asset nor confirmation that any particular investor may lawfully buy, sell or hold the asset or an index or rate containing the asset. The general information contained in this publication should not be acted upon without obtaining specific legal, tax, and investment advice from a licensed professional.

Past performance is no guarantee of future results. Charts and graphs are provided for illustrative purposes only. Index and/or rate returns shown may not represent the results of the actual trading of investable assets. Certain returns shown may reflect back-tested performance. All performance presented prior to the index or rate inception date is back-tested performance. Back-tested performance is not actual performance, but is hypothetical. The back-test calculations are based on the same methodology that was in effect when the index or rate was officially launched. However, back-tested data may reflect the application of the index or rate methodology with the benefit of hindsight, and the historic calculations of an index or rate may change from month to month based on revisions to the underlying economic data used in the calculation of the index or rate.
