

FTSE Chinese Government and Policy Bank Bond Index (CNGPBI)

Multi-Sector | Chinese Yuan

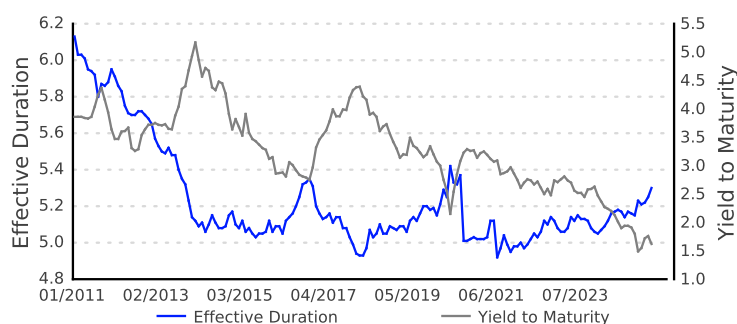

The FTSE Chinese Government and Policy Bank Bond Index (CNGPBI) measures the performance of Yuan-denominated fixed-rate book-entry government bonds and policy bank bonds issued in mainland China. The eligible Chinese policy bank bonds are those issued by the China Development Bank, the Agricultural Development Bank of China, and the Export-Import Bank of China. These policy banks are state-owned and their objectives typically include providing social benefit, stimulating the economy, and supporting growing local industries. To improve liquidity, any bonds whose maturity is greater than 30 years from issuance are excluded from the index.
