FEATURES

Transparency

Index governance is overseen by the independent FTSE Russell ESG Advisory Committee, made up of leading global sustainable investment market practitioners and experts on global Environmental, Social and Governance (ESG) factors.

Criteria

Companies need to meet a variety of environmental, social and governance as well as financial performance criteria in order to be included. Please see www.ftserussell.com for details

Objective

The indexes are designed for use in the creation of index tracking funds, derivatives and as performance benchmarks.

Investability

Stocks are selected and weighted to ensure that the indexes are investable.

Liquidity

Stocks are screened to ensure that the indexes are tradable.

Capping

Individual company weights are capped at 30% on a semi-annual basis to avoid over-concentration.

Availability

The indexes are calculated based on price and total return methodologies, end-of-day.

Industry Classification Benchmark (ICB)

Index constituents are categorized in accordance with the Industry Classification Benchmark (ICB), the global standard for industry sector analysis.
