Section 1

Introduction

1.0 Introduction

1.1 FTSE MPF Reference Portfolios for Hong Kong MPF Default Investment Strategy (DIS)

1.1.1 The FTSE MPF Reference Portfolios (RPs) are used for performance measurement and reporting purposes as set out in paragraph D2.3 of the MPFA Code on Disclosure for MPF Investment Funds. In January 2019 the Mandatory Provident Fund Schemes Authority (MPFA) recognized the revised RPs in the Joint Submission made by the Hong Kong Investment Funds Association (HKIFA) and the Hong Kong Trustees' Association (HKTA). The Joint Submission includes implementation of the revised RPs where FTSE Russell replaces Willis Towers Watson as the RP administrator effective from 1 April 2019 (the "Effective Date").

1.1.2 The MPF Reference Portfolios for Hong Kong MPF Default Investment Strategy (DIS) Index does not take account of ESG factors in its design.

1.2 FTSE Russell

FTSE Russell is a trading name of FTSE International Limited, Frank Russell Company, FTSE Global Debt Capital Markets Limited (and its subsidiaries FTSE Global Debt Capital Markets Inc. and FTSE Fixed Income Europe Limited), FTSE Fixed Income LLC, The Yield Book Inc and Beyond Ratings.

1.3 Index Series Objectives

1.3.1 The RPs are designed to measure cross-asset market returns for portfolios with a global market and multi-asset exposure. The RPs are constructed as an index-level composite based on underlying equity and fixed income indices calculated and maintained by FTSE Russell. The RPs also include a cash component. Further details can be found in the Appendix A: Reference Portfolio Calculations.

1.4 Total Return Calculation

1.4.1 The RPs are calculated on a total return basis, accounting for both the price changes and interest or dividend accrual for all underlying instruments (equities, bonds and cash). In addition to the Total Return Index Value, the following index statistics are also calculated:

- Daily Return
- Month to Date Return
- Year to Date Return

All values are reported in HK Dollars (HKD).

1.5 Additional Notes

- 1.5.1 FTSE International Limited (FTSE) hereby notifies users of the RPs that it is possible that circumstances, including external events beyond the control of FTSE, may necessitate changes to, or the cessation of, the RPs and therefore, any financial contracts or other financial instruments that reference the RPs or investment funds which use the RPs to measure their performance should be able to withstand, or otherwise address the possibility of changes to, or cessation of, the RPs.
- 1.5.2 RP users who choose to follow the RPs or to buy products that claim to follow the RPs should assess the merits of the RPs rules-based methodology and take independent investment advice before investing their own or client funds. No liability whether as a result of negligence or otherwise is accepted by FTSE nor its subsidiary undertakings (or any person concerned with the preparation or publication of these Ground Rules) for any losses, damages, claims and expenses suffered by any person as a result of:
- any reliance on these Ground Rules, and/or
 - any errors or inaccuracies in these Ground Rules, and/or
 - any non-application or misapplication of the policies or procedures described in these Ground Rules, and/or
 - any errors or inaccuracies in the compilation of the Index or any constituent data.
