Introduction

1.0 Introduction

1.1 This document sets out the Ground Rules for the construction and management of the FTSE UK Equally Weighted Index Series.

1.2 The FTSE UK Equally Weighted Index Series is designed to represent the performance of a set of equally weighted constituent companies drawn from the FTSE UK index series. The FTSE UK Equally Weighted Index Series comprises:
   - FTSE 100 Equally Weighted Index
   - FTSE 250 ex Investment Trusts Equally Weighted Index
   - FTSE 350 ex Investment Trusts Equally Weighted Index

1.3 These Ground Rules should be read in conjunction with the FTSE UK Index Series Ground Rules which are available at www.ftserussell.com.

1.4 Price and Total Return indexes will be calculated in UK Sterling on a real-time basis. The Total Return indexes are based on ex dividend adjustments.

1.5 FTSE Russell

1.6 FTSE Russell hereby notifies users of the index that it is possible that circumstances, including external events beyond the control of FTSE Russell, may necessitate changes to, or the cessation of, the index and therefore, any financial contracts or other financial instruments that reference the index or investment funds which use the index to measure their performance should be able to withstand, or otherwise address the possibility of changes to, or cessation of, the index.

1.7 Index users who choose to follow this index or to buy products that claim to follow this index should assess the merits of the index’s rules-based methodology and take independent investment advice before investing their own or client funds. No liability whether as a result of negligence or otherwise is accepted by FTSE Russell for any losses, damages, claims and expenses suffered by any person as a result of:
• any reliance on these Ground Rules, and/or
• any errors or inaccuracies in these Ground Rules, and/or
• any non-application or misapplication of the policies or procedures described in these Ground Rules, and/or
• any errors or inaccuracies in the compilation of the index or any constituent data.
Section 2

Management Responsibilities

2.0 Management Responsibilities

2.1 FTSE International Limited (FTSE)

2.1.1 FTSE is the benchmark administrator of the index.\(^1\)

2.1.2 FTSE is responsible for the daily calculation, production and operation of the FTSE UK Equally Weighted Index Series and will:

- maintain records of the index weightings of all constituents and reserve companies;
- make changes to the constituents and their weightings in accordance with the Ground Rules;
- carry out the periodic index reviews of the index and apply the changes resulting from the reviews as required by the Ground Rules;
- publish changes to the constituent weightings resulting from their ongoing maintenance and the periodic reviews;
- disseminate the index.

2.1.3 FTSE is also responsible for monitoring the performance of the FTSE UK Equally Weighted Index Series throughout the day and will determine whether the status of each index should be Firm, Indicative or Held (see Appendix B).

2.2 Amendments to these Ground Rules

2.2.1 These Ground Rules shall be subject to regular review by FTSE Russell to ensure that they continue to best reflect the aims of the index. Any proposals for significant amendments to these Ground Rules will be subject to consultation with FTSE Russell advisory committees and other stakeholders if appropriate. The feedback from these consultations will be considered by the FTSE Russell Product Governance Board before approval is granted.

---

\(^1\) The term administrator is used in this document in the same sense as it is defined in Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the European Benchmark Regulation).
2.2.2 As provided for in the Statement of Principles for FTSE Russell Equity Indexes, where FTSE Russell determines that the Ground Rules are silent or do not specifically and unambiguously apply to the subject matter of any decision, any decision shall be based as far as practical on the Statement of Principles. After making any such determination, FTSE Russell shall advise the market of its decision at the earliest opportunity. Any such treatment will not be considered as an exception or change to the Ground Rules, or to set a precedent for future action, but FTSE Russell will consider whether the Ground Rules should subsequently be updated to provide greater clarity.
Section 3

FTSE Russell Index Policies

3.0 FTSE Russell Index Policies

3.1 These Ground Rules should be read in conjunction with the following policy documents which can be accessed using the links below:

3.2 Corporate Actions and Events Guide for Non Market Cap Weighted Indexes

3.2.1 Full details of changes to constituent companies due to corporate actions and events can be accessed in the Corporate Actions and Events Guide for Non Market Cap Weighted Indexes using the following link:

Corporate_Actions_and_Events_Guide_for_Non_Market_Cap_Weighted_Indices.pdf

3.3 Statement of Principles for FTSE Russell Equity Indexes (the Statement of Principles)

3.3.1 Indexes need to keep abreast of changing markets and the Ground Rules cannot anticipate every eventuality. Where the Ground Rules do not fully cover a specific event or development, FTSE Russell will determine the appropriate treatment by reference to the Statement of Principles which summarises the ethos underlying FTSE Russell’s approach to index construction. The Statement of Principles is reviewed annually and any changes proposed by FTSE Russell are presented to the FTSE Russell Policy Advisory Board for discussion before approval by the FTSE Russell Product Governance Board.

The Statement of Principles can be accessed using the following link:

3.4 Queries, Complaints and Appeals

3.4.1 A constituent or prospective constituent company (or professional advisor acting on behalf of the company), a national organisation or a group of no fewer than ten users of the indexes from different organisations acting in their professional capacity may appeal against decisions taken by FTSE Russell.

FTSE Russell’s complaints procedure can be accessed using the following link:

Section 4

Eligible Securities

4.0 Eligible Securities

4.1 Each index in the FTSE UK Equally Weighted Index Series derives constituents from the underlying index, as detailed in the table below.

4.2 All aspects of the management of index calculation, constituent review and company classification for constituents of the FTSE UK Equally Weighted Index Series are as described in the FTSE UK Index Series Ground Rules.
Section 5

Periodic Review of Constituent Companies

5.0 Periodic Review of Constituent Companies

5.1 Review Dates

5.1.1 The FTSE UK Equally Weighted Index Series is reviewed on a quarterly basis in line with the FTSE UK Index Series. The weighting procedure is implemented after the close of business on the third Friday (i.e. effective Monday) of March, June, September and December.

5.2 Index Weighting

5.2.1 At the quarterly review, each FTSE UK Equally Weighted Index will be equally weighted by company. The weighting of companies that consist of multiple securities will be distributed across each line in proportion to investable market capitalisation.

5.2.2 Prices used in the review will be as of the close of business on the Wednesday before the first Friday of March, June, September and December, adjusted for corporate actions. Shares and free float adjustments used will be as at the review implementation date.
Section 6

Changes to Constituent Companies

6.0 Changes to Constituent Companies

6.1 Intra-review Additions

6.1.1 Additions into the FTSE UK Equally Weighted Indexes will be implemented in line with their addition to the corresponding underlying indexes if the addition results in the deletion of an existing constituent. The addition will be added to the index at the weight of the company it replaces.

6.1.2 Where more than one addition occurs simultaneously, all new additions will be included in the relevant FTSE UK Equally Weighted Index at the average weight of the constituents being removed.

6.1.3 Where the addition does not cause an existing constituent to be deleted, FTSE UK Equally Weighted Indexes will remain unchanged and the addition will be considered for inclusion at the next index review of the FTSE UK Equally Weighted Indexes.

6.1.4 Where an Investment Trust is removed from an underlying index, the replacement constituent to the underlying index will be considered for inclusion in the FTSE UK Equally Weighted Index Series at the next periodic review.

6.2 Intra-review Deletions

6.2.1 A constituent will be removed from a FTSE UK Equally Weighted Index if it is also removed from the corresponding underlying FTSE UK Index. The replacement constituent will be added to the index at the weight of the company it replaces.

6.2.2 Where more than one constituent is deleted from an index simultaneously, replacement constituents will be included in the relevant FTSE UK Equally Weighted Index at the average weight of the constituents being removed.
Section 7

Corporate Actions and Events

7.0 Corporate Actions and Events

7.1 If a constituent in a FTSE UK Index has a stock split, stock consolidation, rights issue, bonus issue, a change in the number of shares in issue or a change in free-float, the constituent’s weighting in the FTSE UK Equally Weighted Index Series remains unchanged pre and post such an event.

7.2 Full details of changes to constituent companies due to corporate actions and events can be accessed in the Corporate Actions and Events Guide for Non Market Cap Weighted Indexes using the following link:

Corporate_Actions_and_Events_Guide_for_Non_Market_Cap_Weighted_Indices.pdf

A Corporate ‘Action’ is an action on shareholders with a prescribed ex date. The share price will be subject to an adjustment on the ex date. These include the following:

- Capital Repayments
- Rights Issues/Entitlement Offers
- Stock Conversion
- Splits (sub-division) / Reverse splits (consolidation)
- Scrip issues (Capitalisation or Bonus Issue)

A Corporate ‘Event’ is a reaction to company news (event) that may impact the index depending on the index rules. For example, a company announces a strategic shareholder is offering to sell their shares (secondary share offer) – this could result in a free float weighting change in the index. Where an index adjustment is required FTSE Russell will provide notice advising of the timing of the change.

7.3 Takeovers, Mergers and Demergers

The treatment of takeovers, mergers and demergers can be found within the Corporate Actions and Events Guide for Non Market Cap Weighted Indexes.

7.4 When a demerger results in an additional company being included within the FTSE UK Equally Weighted Index, and an associated demotion is applied within the underlying index, the demotion changes will also be applied within the FTSE UK Equally Weighted Index. The weight of a deleted constituent will be allocated to the constituents involved in the demotion changes in order to maintain the equal weighting principle across the index.
If the newly spun-off company from a demerger is not included in the FTSE UK Index, it will not be included in the FTSE UK Equally Weighted Index Series. The existing constituent will therefore retain the same weight as prior to the demerger.
Section 8

Index Calculation

8.0 Index Calculation

8.1 Prices

8.1.1 The FTSE UK Equally Weighted Indexes will use actual trades on SETS.

8.2 Calculation Frequency

8.2.1 The FTSE UK Equally Weighted Indexes will be calculated in real-time using real time prices.

8.3 Index Calculation

8.3.1 The FTSE UK Equally Weighted Indexes will be displayed to two decimal points.

8.3.2 The FTSE UK Equally Weighted Indexes is calculated using the following formula:

\[ \frac{\sum_{i=1}^{N} (p_i \times e_i \times s_i \times f_i \times c_i)}{d} \]

Where,

- \( i=1,2,\ldots,N \)
- \( N \) is the number of securities in the index.
- \( p_i \) is the latest trade price of the component security (or the price at the close of the Index on the previous day).
- \( e_i \) is the exchange rate required to convert the security’s currency into the index’s base currency.
- \( s_i \) is the number of shares in issue used by FTSE Russell for the security, as defined in these Ground Rules.
- \( f_i \) is the Investability Weighting Factor to be applied to a security to allow amendments to its weighting, expressed as a number between 0 and 1, where 1 represents a 100% free float. This factor is published by FTSE Russell for each security in the underlying index.
- \( c_i \) is the Weight Adjustment Factor to be applied to a security to correctly weight that security in the index. This factor maps the investable market capitalisation of each stock to a notional market capitalisation for inclusion in the index.
• $d$ is the divisor, a figure that represents the total issued share capital of the index at the base date. The divisor can be adjusted to allow changes in the issued share capital of individual securities to be made without distorting the index.

**Notes:**

1. Closing prices will be London Stock Exchange Official Closing Price.
2. The index will not be calculated on UK Public Holidays and may close early on the business day prior to the Christmas and New Year Public Holidays.
3. Timings are London hours (GMT or BST).
Appendix B: Status of Index

The FTSE UK Equally Weighted Index Series which is calculated in real time may exist in the following states. Official Market Hours are defined as that period when SETS is open for order execution.

A) Firm
   i) The Index is being calculated during Official Market Hours on actual trades from SETS. No message will be displayed against the index value.
   ii) The Official Closing Price for FTSE UK Equally Weighted Index Series will be the London Stock Exchange Official Closing Price.

B) Closed
   The Index has ceased all calculations for the day. The message 'CLOSE' will be displayed against the index value calculated by FTSE Russell.

C) Held
   During Official Market Hours, an index has exceeded pre-set operating parameters and the calculation has been suspended pending resolution of the problem. The message 'HELD' will be displayed against the last index value calculated by FTSE Russell.

D) Indicative
   If there is a system problem or situation in the market that is judged to affect the quality of the constituent prices at any time when an index is being calculated, the index will be declared indicative (e.g. normally where a 'fast market' exists in the equity market). The message 'IND' will be displayed against the index value calculated by FTSE Russell.

The official opening and closing hours of the FTSE UK Equally Weighted Index Series are set out in Appendix A. Variations to the official hours of the Index will be published by FTSE Russell.
