FTSE UK Index Series Market Consultation - Invitation to Respond

16 February 2026

FTSE Russell is inviting index users to participate in a market consultation on a proposal impacting the FTSE UK Index Series, to align the minimum free float requirement for non-UK incorporated companies with the minimum free float requirement for UK incorporated companies. If the proposal is implemented, this would result in the minimum free float requirement for non-UK incorporated companies being lowered from 25% to 10%, consistent with the requirement for UK incorporated companies.

The consultation and further information on the proposal is available on the FTSE Russell website in the following location: [market consultations](#)

The consultation will close on 26 February 2026.
