Anthropic (USA): IPO - Informative Notice

13 November 2026

Anthropic PBC (ANT): FTSE Russell will confirm if Anthropic is eligible for fast entry and inclusion in the FTSE Global Equity Index Series after the first day of trading, currently expected to be on Thursday 19 November 2026 (NASDAQ ANT Notice). The current fast entry threshold for FTSE North America is USD 43.741bn (Full Market Cap) and USD 14.580bn (Investable Market Cap).

The Fast Entry Rule states that an eligible constituent will be added to the index after the close of the fifth day of trading. However, if Anthropic's first day of trading occurs on Thursday 19 November or Friday 20 November, the inclusion date would fall close to the day of Thanksgiving. In accordance with Principle 2 of the Statement of Principles in relation to the replicability of the index by index users, Anthropic will be added in conjunction with the December review, **after the close of business on Friday 18 December 2026 (effective from market open on Monday 21 December 2026),** if Anthropic meets the fast entry criteria.

If Anthropic meets the fast entry requirements on the first day of trading, FTSE Russell will issue a further notice to confirm index inclusions and membership after the close of the first day of trading.
