Note: With a listing in their country of incorporation the nationality status of Alithya Group Inc, Helius Medical Technologies and Avino Silver & Gold Mines have been re-assessed.

The nationality change will become effective after the close of business on Friday, 20 September 2019 (i.e. on Monday, 23 September 2019).

Please note: The above table confirms nationality assignment only. Potential inclusion to the FTSE Global Equity Index Series or the FTSE UK Index Series will be subject to the security passing all other index eligibility criteria (including minimum liquidity requirements) as detailed in the respective ground rules. Index entry will be confirmed within the periodic index review notices announcing constituent changes.

However where a company has been identified as failing the initial security eligibility criteria, such as not meeting the premium listing requirement for the FTSE UK Index Series or being assigned an ICB classification which is ineligible for the FTSE Global Equity Index Series, then it will be flagged as ineligible within the above table and will not be considered for index inclusion.
