

## Cellumed (South Korea): Stock Suspension Update Treatment in FTSE Indices

12 February 2020

---

Further to the notice issued on 13 January 2020 regarding the suspension of Cellumed (South Korea, 6529383), it remains suspended from trading pending further announcement on potential delisting.

In conjunction with Section 4.18 Suspended Companies of the FTSE Russell Corporate Actions and Events Guide, if the suspension period reaches 60 business days the constituent will be removed from the index at zero value at the next index review, subject to the 60th business day of suspension falling on or before the Friday four weeks prior to the index review implementation date.

Therefore, Cellumed is expected to be removed at zero value at the index review in March 2020, if it does not resume trading two weeks prior to the March review effective date (i.e. on or before 06 March 2020).

FTSE will continue to monitor the case and review the company's eligibility for index inclusion pending further information.
