The following nationality changes will become effective after the close of business on Friday, 16 December 2022 (i.e. on Monday, 19 December 2022).

Sedol	Company	Current Nationality for FTSE Global Equity Index Series	Nationality Changes for FTSE Global Equity Index Series	Current Nationality for FTSE UK Index Series	Nationality Assignment for FTSE UK Index Series

(\*) The security is sole listed in a Developed country but not incorporated in a Developed country or a FTSE Russell recognised low tax jurisdiction, therefore in accordance with rule 1.5 of the Determining Nationality document, fails the criteria for a Developed country nationality. All securities, other than MakeMyTrip, are current constituents of the FTSE Global Micro-Cap Index. MakeMyTrip is a current constituent of the FTSE Global Small Cap Index. As nationality cannot be assigned to the country of sole listing, these securities will become ineligible for the FTSE Global Equity Index Series.

**Please note:** The above table confirms nationality assignment only. Potential inclusion to the FTSE Global Equity Index Series or the FTSE UK Index Series will be subject to the security passing all other index eligibility criteria (including minimum liquidity requirements) as detailed in the respective ground rules. Index entry will be confirmed within the periodic index review notices announcing constituent changes.

However where a company has been identified as failing the initial security eligibility criteria, such as not meeting the premium listing requirement for the FTSE UK Index Series or being assigned an ICB classification which is ineligible for the FTSE Global Equity Index Series, then it will be flagged as ineligible within the above table and will not be considered for index inclusion.
